

Jandaz Cockapoos wins Award of Excellence 2024

Jandaz Cockapoos is a family-owned business that has flourished for over four decades, leaving an indelible mark on the world of canine companionship. Jandaz Cockapoos, founded in 1979 by Janice and Darrel Griffiths, has been at the forefront of Cockapoo breeding, pioneering the industry and producing exceptional examples of this beloved hybrid breed.

In an era when mixed breeds were often overlooked, Janice and Darell saw the potential for a unique and wonderful companion in the Cockapoo. They became one of the first breeders in the UK dedicated to producing high-quality Cockapoos.

Their commitment to excellence extended beyond simply breeding the dogs. Jandaz Cockapoos became renowned for successfully breeding up to five generations, showcasing their dedication to understanding the genetics and characteristics of their beloved breed. The result was a lineage of Cockapoos that embodied the best qualities of both Cocker Spaniels and Poodles.

Sadly, Janice and Darrel Griffiths passed away, leaving a void in the Cockapoo breeding community. However, their legacy continues on through their daughter Sarah Garratt-Griffiths, who took the reins of Jandaz Cockapoos. With a passion for the breed and a commitment to continuing her parents work, Sarah became the driving force behind the ongoing success of the family business continuing to offer the breed worldwide.

At E2 Media we have recently unveiled the highly anticipated 2024 Awards of Excellence, spotlighting outstanding achievements across various industries.
